

For self-employment coaches, settlement agencies and business advisors · Metro Vancouver

Your participant has a business plan. We make it a business that can take a booking.

Prontco is a done-for-you launch for solo trades operators in Greater Vancouver — cleaning, painting, landscaping, pressure washing, gutters, mobile detailing, handyman, epoxy, junk removal. The registration and the licence are where most programs stop; we carry on to the part that produces a customer.

What a launch includes

Legal	Name request, BC registration (sole proprietorship or incorporation), municipal business licence in the home city and the inter-municipal licence where it applies, GST registration, WorkSafeBC account. Government fees are passed through at cost and quoted before filing — never marked up.
Brand	Name guidance, logo, colours, business card, Google Business Profile set up and verified.
Website + booking	A real website that ranks for their trade and city, with online quotes and booking built in, so the first customer can book without a phone call. Card and e-Transfer payments in the participant's own name.
After launch	Optional monthly support — the site, the bookings and the renewals watched by us so the operator can be on the tools. Listing on Prontco Verified, the vetted list property managers in Metro Vancouver book from, once their documents are on file.

Pricing your participants will see

Launch Free \$0 to build · \$397/month · 6-month minimum Most popular. \$997 build fee if cancelled early.	Starter (sole proprietorship) \$997, one-time	Launch (incorporated) \$1,997, one-time
--	--	--

+ applicable government registration & licensing fees, billed at cost — we quote the exact figure before filing. About 10 business days of build work; BC Registries and municipal approval times are outside our control.

How the partnership works

Nothing to administer. You give participants a link — [prontco.ca/partners/\[your-program\]](http://prontco.ca/partners/[your-program]) — or we present for 20 minutes at a cohort session. Every enquiry through your link is tagged to your program, and we report back to the coach at each milestone: registered, licensed, site live, first booking. No referral fee is paid or asked for; we don't sell leads. Participants who already registered through your program skip those steps and pay less — we only charge for what's left to do.

Next step

Hayden Martin ran a residential cleaning company in Metro Vancouver for three years before building Prontco; the launch is the one he would have wanted in week one. A 20-minute call, or send one participant our way and watch what happens. info@prontco.ca · prontco.ca/partners/ · book a time at prontco.ca/#contact
